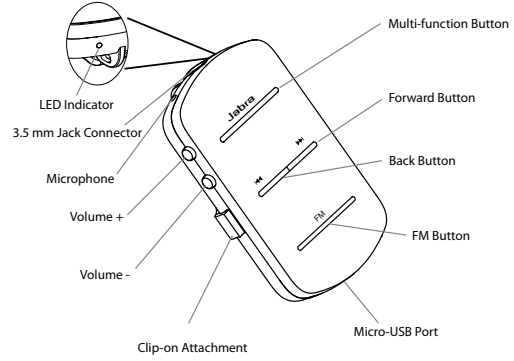
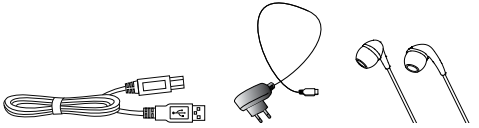
JABRA TAG OVERVIEW





USB Cable | AC Charger | Earphones

Quick Start Guide

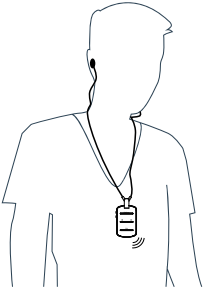
Warranty Leaflet

Warning Leaflet

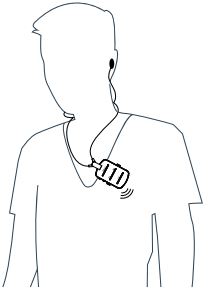
WEARING THE JABRA TAG

The Jabra Tag has two different wearing styles.

Around the neck
Create a loop using the headphone cables, and wear around the neck. Adjust the length of the cable by moving the clip on the wire either up or down.

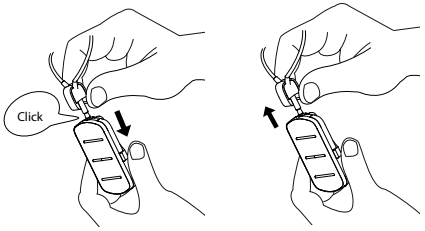


Clip-on
Clip the Jabra Tag to your clothing using the clip-on attachment.



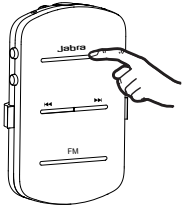
PLUGGING IN THE EARPHONES

Plug in the earphones, as illustrated. To unplug, firmly grip the Jack Connector and pull. Do not pull using the cable.



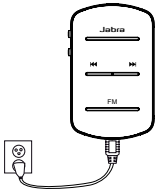
TURNING THE JABRA TAG ON/OFF

Press and hold (4 secs) the **Multi-function** button to turn the Jabra Tag on or off.



CHARGING THE JABRA TAG

Connect the Jabra Tag to the power charger and insert into an available power outlet. It takes approximately 2 hours to fully charge.



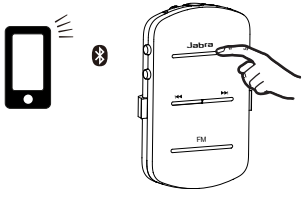
2 hrs

CONNECTING

FIRST TIME PAIRING

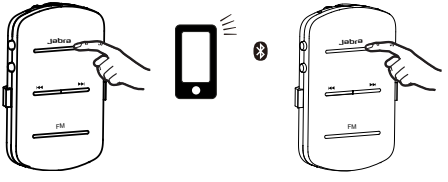
1. Turn on the Jabra Tag. (Press and the **Multi-function** button for 4 seconds).
2. Activate Bluetooth on your mobile phone, and select Jabra Tag. If asked for a PIN code, enter 0000 (4 zeros).

Note: When the Jabra Tag and a mobile phone have been paired they will automatically connect whenever the Jabra Tag is switched on, and the mobile phone has bluetooth activated and is within range (10 m).



PAIRING WITH ANOTHER MOBILE PHONE

1. Turn off the Jabra Tag (Press and hold the **Multi-function** button for 4 seconds).
2. Press and hold (4 secs) the **Multi-function** button until the LED indicator flashes blue.
3. Activate Bluetooth on your mobile phone, and select Jabra Tag. If asked for a PIN code, enter 0000 (4 zeros).



* Phone dependent

	A mobile phone is Bluetooth connected to the Jabra Tag

	Incoming call
	Active call
	Battery is charging
	Battery is fully charged
	Low battery
	DFU/Firmware upgrade mode

SUPPORT

FAQ

Q I hear crackling noises

A Bluetooth is a radio technology that is sensitive to objects between the Jabra Tag and the connected device. Ensure the Jabra Tag and the connected device are within 33 feet (10 meters) of each other, with no major objects in the way (walls, etc.).

Q I cannot hear anything

A - Increase the speaker volume.

- Ensure that the Jabra Tag is paired to a device that is playing.

- Make sure your phone is connected to the Jabra Tag by tapping the **Multi-function** button.

Q I am having pairing problems

A You may have deleted your Jabra Tag pairing connection to your mobile phone. Follow the pairing instructions again.

Q Will the Jabra Tag support other Bluetooth equipment?

A The Jabra Tag is designed to work with Bluetooth mobile phones. It can also support other Bluetooth devices that are compliant with Bluetooth version 1.1 or higher and support a headset, hands-free and/or advance audio distribution profile.

Q I cannot use Reject call or Redial

A These features require your mobile phone to support a hands-free profile. Refer to your mobile phone user manual for more details.

Q I have problems streaming in stereo from my music device (mobile phone, PC, MP3-player etc.)

A Make sure the other device supports Bluetooth 1.1 or 1.2 including the Advanced Audio Distribution Profile (A2DP), otherwise it will not work. Please consult the user manual of the device you are using for how to pair it to a Bluetooth Stereo headset.

HOW TO CARE FOR YOUR JABRA TAG

- Always store the Jabra Tag with the power off and safely protected.
- Avoid storage at extreme temperatures (above 45°C/113°F or below -10°C/14°F). This can shorten battery life and may affect operation. High temperatures may also degrade performance.
- Do not expose the Jabra Tag to rain or other liquids.
